OBJECTIVE

I am a software developer with a strong foundation in frontend and backend technologies, including HTML, CSS, JavaScript, React, Python, Flask, and Java. I enjoy building functional and user-friendly web applications, from library management systems to interactive portfolios. I have solid experience setting up databases, working with REST APIs, and making responsive designs. I am a team player who likes tackling challenging problems and delivering practical solutions.

EDUCATION

B.Tech (Information Technology), Amity University, Noida .... 2022 - 2026
CGPA: 6.01

Class XII, Shemford School, Mirzapur 2021
Score: 64%

Class X, Shemford School, Mirzapur 2019
Score: 78.4%

SKILLS

Technical Skills	HTML, CSS, JavaScript, React, Python, Flask, Django, NodeJS, Java, SQLAlchemy, REST APIs, Git, OOP
Soft Skills	Project Management, Team Leadership, Problem Solving

PROJECTS

Astha Library (Library Management System) Built a web application using Flask and SQLAlchemy to help manage daily library tasks. Added features for student registration, exam management system and managing fee records. Created an admin dashboard to monitor and update student data. Added an exam feature with a live countdown timer and accurate start/end times depending on time zones, with backend logic to calculate results automatically when an exam finishes and send final scores directly to students. (Try it here)

Personal Portfolio Site Created a personal portfolio website with a focus on modern design using React and NextJS. Added 3D text effects and animations to make the site more interactive and engaging. Ensured the website looks good and works well on both desktop and mobile devices. (Try it here)

Admin & E-Commerce Dashboard (Hometech Solutions) Developed an admin system to help manage e-commerce tasks and staff access. Set up role-based access so different users have specific permissions based on their role. Included data tables and modals for managing product inventory, updating order statuses, and viewing client questions. (Try it here)
